

EverTUFF®

Industrial CPVC

Think all industrial CPVC pipe is the same? Think again.

The fact is, the process behind the pipe makes a difference. And the process behind EverTUFF Industrial CPVC by Coastline Plastics sets it a cut above the rest.

The difference is the exclusive formulation used for EverTUFF pipe. From formulation to mixing to finished pipe, Coastline Plastics' ownership of the entire manufacturing process offers an unparalleled level of quality and value. And, because we control the process, you can be assured that we will have the pipe available when you need it.

Learn more about why EverTUFF is positively the best pipe for the job. Contact your distributor, visit evertuff.com or call Coastline Plastics toll-free at 1-888-225-5909.
